Blabon's Inlaid Linoleums

THE few patterns reproduced in this pamphlet furnish an excellent idea of the variety of designs and numerous color effects that appear in our extensive line of inlaid linoleums. In this class of goods the colors go through to the back and thus do not disappear with wear. Blabon's inlaids are beautifully finished and in many other respects are superior to other makes.

We are the only manufacturers of linoleum in America who produce their own linseed oil, a process that insures an absolutely pure oil for use in our product. Superior oil means superior linoleum.
